The Board requested that Ms. Ellis research whether a reserve exists in state government budgeting. The Board would like to have a reserve set aside for legal fees. Dr. Elder requested a record of the past ten (10) years of legal fees.
DIRECTOR’S REPORT
Ms. Short discussed the use of a suggested renewal notification for future renewal periods which involves sending a postcard to licensees advising that it is time to renew. The postcard will inform licensees that they can renew online, print a renewal form from the website or contact the office to have a hard copy sent to them by mail. A motion was made by Dr. Shapiro to begin using the postcard notification in February and to send notification in January by letter to all licensees advising of the new process.
Ms. Short discussed the elimination of licensure ID cards for various reasons. The contract between the Office of Occupations and Professions and the third party company that produces the cards will expire on November 30, 2009. The cards are not the official legal verification of licenses held by the office, the official verification can be viewed on the Board’s website or by written/verbal confirmation through the office. The cards list an expiration date but do not indicate if a license has been suspended, revoked, has a disciplinary action against it, or if the license is in inactive status. The cards can be easily reproduced. The elimination of the ID cards will also eliminate the cost of .70 cents to .78 cents per card which is billed to the Board. The Board deferred this discussion until the January meeting.
Ms. Short advised the Board of the new formula approved by Secretary Vance that will be used to calculate the expenses of each Board.
